Signature Pages

By signing and submitting this application, you agree to the following:

- To insure the integrity of this process, it is imperative that professional conduct be exemplified in the application and self-study materials submitted to CACREP, as well as in the accreditation review procedures followed by the accrediting organization. For the process to be effective and fair, it must follow the established review procedures and the information submitted during the review process must be based on clear statements and documentation describing how the program operates. The self-study narrative and supporting evidence must not misrepresent the program by implying resources or any level of strengths that exceed the program’s level of operation. Constructive, reciprocal feedback can only be based on an open and honest documentation that follows the prescribed review process.

- No feedback will be provided to the program until all current fees that have been paid.

- The accreditation process is voluntary. CACREP will issue an invoice (or W-9 as applicable) for payment of fees, but unless expressly required by law or regulation, CACREP will not sign a procurement or vendor contract with the institution.

- The institution agrees to adhere to all CACREP policies.
