Application for Extension to Apply Under 2024 Standards

Deadline for submission: 5:00 PM Eastern, Friday, September 29, 2023

Programs with cycle end dates of October 31, 2024, and March 31, 2025, are eligible to submit a request to the CACREP Board for an extension of your current grant of accreditation to allow you to submit your self-study report (SSR) under the 2024 CACREP Standards. If you plan to submit your SSR under the 2016 Standards, you should submit it on the normal submission schedule, prior to June 30, 2024.

Programs with a cycle end date of October 31, 2025, may submit the SSR under either the 2016 or 2024 Standards. If submitting the SSR under the 2016 Standards, it must be submitted on or before June 30, 2024. If submitting the SSR under the 2024 Standards, it must be submitted on or after July 1, 2024, on the normal submission schedule based on the program's accreditation cycle end date. Contact your CACREP staff point of contact if you have questions on your SSR submission timeline.

Please note the following:

- Programs should review the news announcement on the revised Use of New Standards policy prior to making a determination on whether to request an extension.
- Programs are not eligible to request an extension of accredited status to apply under the 2024 Standards if they have already requested and received an extension of accredited status in the current accreditation cycle.
